Compiled and Prepared by:
Fairfield County Auditor, GIS / Mapping Department

The maps have been compiled from information which was current as of January 2026 (lines only). The information from which these maps was compiled is constantly being updated and is subject to change. It has been compiled from various available sources which we believe to be reliable. Some City / Village and or rural subdivision streets may be platted, but not yet built or may be dedicated for right-of-way but not built yet. Roads shown as unaccepted are built but not yet approved for public maintenance. Therefore all this information is not warranted.

WATERSHEDS

FAIRFIELD COUNTY, OHIO

WATERSHEDS

A watershed is an area of land that drains all the streams and rainfall to a common outlet such as the outflow of a reservoir, mouth of a bay, or any point along a stream channel. The word watershed is sometimes used interchangeably with drainage basin or catchment.
